SUMMARY

Motivated and detail-oriented web developer with a robust background in automotive management and warehouse operations. Equipped with a Full Stack Web Development Boot Camp Certificate from UNC Chapel Hill, proficient in HTML5, CSS3, JavaScript, Node.js, MySQL, MongoDB, and ReactJS. Demonstrated ability to enhance operational efficiency, lead teams, and solve complex problems. Eager to contribute to a dynamic software development team, leveraging a diverse skill set to create innovative and efficient web applications.

TECHNICAL SKILLS

Technical Languages: HTML5, CSS3, JavaScript, JQuery, Bootstrap, Node.js, MySQL, MongoDB,

Express, Handlebars.js, ReactJS

Applications: Visual Studio Code, Git, GitHub, npm, Heroku, Postman

PROJECTS

E-Auto-Care https://github.com/dfreeman3102/e-auto-care https://e-auto-care-6acb9e4162bf.herokuapp.com/

- A full-stack application developed by a team of 4 to manage auto care services. Users can create appointments, view available services, and manage their personal appointments through a user-friendly interface.
- Setup the login/logout, signup, and authentication functionality. Ensured proper usage of the Model, View, and Controller paradigm.
- Handlebars.js, MySQL, Sequelize, Node.js, Express.js, Bootstrap, and Argon2 for password encryption

Five-Dudes-Pizza https://github.com/dfreeman3102/five-dudes-pizza https://dfreeman3102.github.io/five-dudes-pizza/

- A front-end application developed by a team of 5 to manage orders. Users can view the landing page, an about page, the menu and place their order.
- Setup the landing page, which includes an image carousel, a 'closed for holidays' calendar, and social media icons with embedded links.
- HTML, CSS, Bulma.io for carousel, JavaScript and Nager.Date API for calendar

EXPERIENCE

Warehouse Associate Innospec Active Chemicals

2022-Current Salisbury, NC

Problem-Solving and Adaptability:

- Diagnosed and resolved operational issues swiftly, minimizing downtime and maintaining workflow efficiency.
- Adapted to changes in procedures and implemented solutions to optimize processes, improving overall productivity.

Teamwork and Collaboration:

- Communicated effectively with team members to coordinate tasks, ensuring smooth and efficient operations.
- Fostered a collaborative environment, contributing to team projects and supporting colleagues to achieve common goals.

Attention to Detail:

- Maintained high accuracy in inventory counts and order picking, ensuring data integrity and quality control.
- Conducted thorough inspections of items for defects, ensuring compliance with quality standards. Time Management and Organization:
 - Prioritized and managed multiple tasks simultaneously, meeting tight deadlines in a fast-paced environment.

Assistant Manager Express Oil Change

2020-2022 Clemmons, NC

Management and Leadership:

- Managed and coordinated multiple automotive service projects, ensuring timely and efficient completion.
- Led a team of technicians, providing guidance and support to enhance performance and achieve targets.

Customer Service and Communication:

- Interacted with customers to understand their needs, addressing their concerns and providing tailored solutions.
- Facilitated communication between departments, ensuring clear understanding and effective collaboration.

EDUCATION

Full Stack Web Development Boot Camp Certificate: University of North Carolina at Chapel Hill, Raleigh, NC

An intensive program focused on gaining technical programming skills in HTML5, CSS3, JavaScript, JQuery, Bootstrap, Node.js, MySQL, MongoDB, Express, Handelbars.js, and ReactJS.

Certification in Automotive Systems Technology: Davidson County Community College, Thomasville, NC

Certification in Welding Technologies: Davidson County Community College, Thomasville, NC
